The Portable Jung (Portable Library):

4 of 4 review helpful A Difficult Read At Best By myra best christeck There is much of Jung s work that I believe in and appreciate However I don t believe this book is the best way to understand Jung s theories His writing is dense and very liberally peppered with Latin phrases foreign words and allusions to writers and works that only a philosophy scholar is familiar with these days Instead of trying to slog thro This comprehensive collection of writings by the epoch shaping Swiss psychoanalyst was edited by Joseph Campbell himself the most famous of Jung s American followers It comprises Jung s pioneering studies of the structure of the psyche mdash including the works that introduced such notions as the collective unconscious the Shadow Anima and Animus mdash as well as inquiries into the psychology of spirituality and creativity and Jung s influential On Synchronicity Language Notes Text English German translation About the Author Carl Gustav Jung was together with Freud and Adler one of the three great pioneers in modern psychiatry He was born in 1865 in Switzerland where he stud
