By John McPhee : Oranges oranges are the stars of the produce aisle come winter and they couldnt be more versatile whether youre using the juice zest or fruit itself the stalwart directed by julian farino with leighton meester hugh laurie catherine keener allison janney the enduring friendship between the walling and ostroff families is

Oranges:

1 of 1 review helpful I would not have picked up the book if it had not been recommended McPhee s writing style is almost like you are By Kristie Even though this was written in the 60s it is well worth the read especially if you have any interest in oranges whatsoever Read it while enjoying your morning OJ and you will never look at that beverage the same again I would not have picked up the book if it had not b A classic of reportage Oranges was first conceived as a short magazine article about oranges and orange juice but the author kept encountering so much irresistible information that he eventually found that he had in fact written a book It contains sketches of orange growers orange botanists orange pickers orange packers early settlers on Florida s Indian River the first orange barons modern concentrate makers and a fascinating profile of Ben Hill Griff com While many readers are familiar with John McPhee s masterful pieces on a large scale the geological history of North America or the nature of Alaska McPhee is equally remarkable when he considers the seemingly inconsequential Oranges was conce
