1 of 1 review helpful Yes you can buy truth hellip Radiant Truths By Peregrinator I loved this book Reading Radiant Truths was like crashing a literary party in a time machine and getting to eavesdrop on conversations between magnificently mustachioed Mark Twain and Sixties rock and culture critic Ellen Willis about their recent trips to the Holy Land Henry David Thoreau tells of howling from a mountaintop far from the A startling and immensely pleasurable collection of American writings on belief from the Civil War to Occupy Wall Street Beginning with Walt Whitman singing hymns at a wounded soldier's bedside during the Civil War this surprising and vivid anthology ranges straight through to the twenty first century to end with Francine Prose crying tears of complicated joy at the sight of Whitman's words in Zuccotti Park during the brief days of t ldquo Rare is the collection of other people's writing that coheres into something new and original and rarer still is the one that takes on meaning because we read it through the eyes of the collector Radiant Truths is exactly that rarity
