2 of 2 review helpful a showcase of a very flawed but beautifully human kafka By Purple_Cat in this book kafka has moments where he admits he cut off two engagements because he didn t want to burden either woman with his issues physical health mental health issues where he criticizes milena s handwriting because it makes him miss letters at times where he disagrees with her on newspaper clipping critiques he talks abo In no other work does Franz Kafka reveal himself as in Letters to Milena which begins as a business correspondence but soon develops into a passionate but doomed epistolary love affair Kafka s Czech translator Milena Jesensk aacute was a gifter and charismatic twenty three year old who was uniquely able to recognize Kafka s complex genius and his even more complex character For thirty six year old Kafka she was a living fire such as I have never seen The voice of Kafka in Letters to Milena nbsp is more personal more pure and more painful than in his fiction a testimony to human existence and to our eternal wait for the impossible This is a marvelous new edition of a classic text mdash Jan
