**By Christine G. Perkell : Reading Vergils Aeneid: An Interpretive Guide (Oklahoma Series in Classical Culture)** Reading Vergils Aeneid: An Interpretive Guide (Oklahoma Series in Classical Culture):

41 of 41 review helpful Reading Reading Vergil s Aeneid By Kathy Mancuso I am a student taking AP Latin Vergil as an independent study and I have found this book to be very useful in its strong explication of the text and its focus on things that are not often noticed in criticism The essays vary in quality but they always provide a different perspective on such topics as Aeneas s relations with family and nation t Vergil rsquo s Aeneid has been considered a classic if not the classic of Western literature for two thousand years In recent decades this famous poem has become the subject of fresh and searching controversy What is the poem rsquo s fundamental meaning Does it endorse or undermine values of empire and patriarchy Is its world view comic or tragic Many studies of the poem have focused primarily on selected books The approach here is comprehensive An About the Author Christine Perkell is Associate Professor of Classics at Emory University She is the author of The Poet s Truth A study of the Poet in Virgil s ldquo Georgics rdquo
