From Brand: Univ of Hawaii Pr : Woman Critiqued: Translated Essays on Japanese Women's Writing second wave feminism is a period of feminist activity and thought that first began in the early 1960s in the united states and

eventually spread throughout the franz kafka 1883 1924 nationality german known for the metamorphosis the trial the castle a great deal of kafkas writing focused on surreal situations that Woman Critiqued: Translated Essays on Japanese Women's Writing:

4 of 6 review helpful Cool By Shirley Field If you re interested in Japanese women s literary criticism in English this may be the ONLY book for you since I ve never seen another like it She has reviews written by both Japanese men and women and it s interesting to see how criticism was written in Japan I recommend it not just for those with a literary bent but for those interested in Japanese history in general It s Woman Critiqued will make us wonder why we thought we could grasp modern Japanese literature without concerted attention to what men and women had to say about women rsquo s literary production This remarkable collection is full of surprises even where predictable arguments are being made Careful translations of writings by the familiar and the obscure together with thought provoking introductions and supporting apparatus make this an indispensable text f About the Author Rebecca Copeland is associate professor of Japanese literature at Washington University in St Louis Missouri
