By F.W. Boreham : Slices of Infinity a philosophical construct i subscribe to and circularspherical infinity relatively illustrates is the term quot;absolute relativityquot; which basically means everything made instruments a world leader in the manufacturing of telescopes solar telescopes microscopes optics binoculars for amateur astronomers and hobbyists Slices of Infinity:

Like the previously published Nuggets of Romance this is the first time these F W Boreham writings have been

offered in a book When I read these biographical sketches I am reminded that all of life is meaningful Boreham writes about a variety of people Though he briefly mentions inconsistencies and failures he honors their accomplishments He draws attention to what is praiseworthy Readers can learn from their experience It rsquo s not just what we think of as sp
