2 of 2 review helpful A new contribution to a fascinating subject By G Shreve This is a fascinating and supremely

intelligent collection of views on a truly significant topic in keeping with the redirection of psychology toward positive change Professor Pawelski has pulled together astute views on this subject elucidated by his brilliant introduction He invokes his mastery of philosophy and psychology in this decisive In much of the critical discourse of the seventies eighties and nineties scholars employed suspicion in order to reveal a given text rsquo s complicity with various undesirable ideologies and or psychopathologies Construed as such interpretive practice was often intended to demystify texts and authors by demonstrating in them the presence of false consciousness bourgeois values patriarchy orientalism heterosexism imperialist attitudes and or The Eudaimonic Turn represents nothing less than a stunning interdisciplinary achievement The editors were well partnered Together their work demonstrates enormous self awareness and intellectual humility by simultaneously developing an import
