Russian Cinema Reader: Volume II, The Thaw to the Present (Cultural Syllabus):

This two volume reader is intended to accompany undergraduate courses in the history of Russian cinema and Russian culture through film. Each volume consists of newly commissioned essays, excerpts from English language criticism and translations of Russian language essays on subtitled films which are widely taught in American and British courses on Russian film and culture. The arrangement is chronological. Volume one covers twelve films from the beginning of Russian cinema. Undergraduate students of Russian cinema will no doubt find the Readers useful and the books also have much to offer the general reader, not least the fact that they situate the films they discuss firmly within the specific socio-ideological and cultural context.
