**By Ann Wroe : Six Facets of Light** for the same sort of reasons contrast falls as light levels fall in dim light the contrast is less to overcome this in dim light an optical system needs to biography of fridtjof nansen explorer author athlete oceanographer statesman and laureate of the nobel peace prize Six Facets of Light:

1 of 2 review helpful Wonderful By John Garrett Fascinating 0 of 3 review helpful The book does not contain interesting ideas By A M I bought this book since it was written by one of The Economist writers but was disappointed to discover that the book does not contain interesting ideas Meditations on the mystery of light Goethe claimed to know what light was Galileo and Einstein both confessed they didn t On the essential nature of light and

how it operates the scientific jury is still out There is still time therefore to listen to painters and poets on the subject They after all spend their lives pursuing light and trying to tie it down Six Facets of Light is a series of meditations on this most elusive and a She is a stylist with a wide ranging and subtle mind She s a genius I believe because she lights up every subject she touches Why is she underrated She is personally modest and her work doesn t fit into a category She is too original for the market
