70 of 74 review helpful DO NOT BUY THIS VERSION By MarkM Mere Christianity is a GREAT book but DO NOT BUY THIS VERSION It has NO text justification so that each line is a random length and many lines are a single word see picture It has NO paragraph spaces chapter headings or page numbers It has weird text at the start for what appears to be a digital version of the book see photos I A forceful and accessible discussion of Christian belief that has become one of the most popular introductions to Christianity and one of the most popular of Lewis s books Uncovers common ground upon which all Christians can stand together
